

**COMPUTER IMPLEMENTED METHOD OF MANAGING INFORMATION
DISCLOSURE STATEMENTS**

ABSTRACT OF THE DISCLOSURE

5 A computer implemented method of managing invention disclosure statements
is described. In one embodiment, the computer-implemented method of the present invention
includes storing a plurality of electronic documents in a database, associating a first one or
more of the plurality of electronic documents to a first case, associating a second one or more
of the plurality of electronic documents to a second case, receiving a select signal from a
user, the select signal selecting at least one of the second one or more of the plurality of
10 electronic documents associated with the second case to be associated with the first case, and
associating the at least one of the second one or more of the plurality of electronic documents
to the first case in response to the select signal. In one embodiment, the first case and second
case are related cases.
